"I like the Dual Bevel Sharp Sides 2.8mm keratome. They last 60 plus cases."

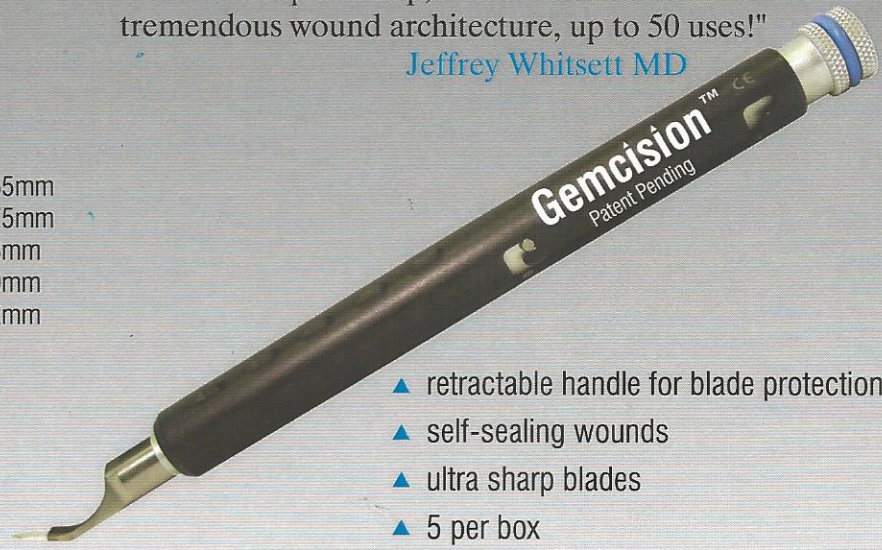

Richard L. Lindstrom, MD

"I like the Single Bevel 2.2mm keratome. They last 200 plus cases. My wounds seal beautifully"

Ashraf Armia Barsoum, MD

"I use the Super Sharp, 2.4mm blade. It creates tremendous wound architecture, up to 50 uses!"

Jeffrey Whitsett MD

- ▲ retractable handle for blade protection
- ▲ self-sealing wounds
- ▲ ultra sharp blades
- ▲ 5 per box
